

# QUESTIONNAIRE

for order  
of gas coolers

|  |                                     |                                  |            |            |
|--|-------------------------------------|----------------------------------|------------|------------|
| Type of gas cooler and designation of basic design document:   |                                     |                                  |            |            |
| Climatic version and category of placing according to GOST 15150-69 (УХЛ4, О4 etc)   |                                     |                                  |            |            |
| Version of cooler depending on sort of cooling water<br>(see the table «Basic standards for water» H, M, M2, M5)                                       |                                     |                                  |            |            |
| Construction of gas cooler<br><br>For matching of construction the draft or assembly drawing is needed with connecting, overall and fitting dimensions | Distance between the pipe walls, mm | Length, mm                       | Width, mm  | Height, mm |
|  |                                     |                                  |            |            |
| Specification of necessary gas cooler  |                                     |                                  |            |            |
| Heat flow, kW  |                                     | Temperature of cooling water, °C |            |            |
| Gas discharge, m³/h  |                                     | Hydrodynamic resistance, MPa     |            |            |
| Temperature of cooled gas, °C  |                                     | Number of water strokes, unit    |            |            |
| Air drag, Pa   |                                     | Working pressure, MPa            |            |            |
| Water discharge, m³/h  |                                     | Mass, kg                         |            |            |
| Additional requirements  |                                     |                                  |            |            |
| Requirements for materials used by production<br>(as appropriate)  |                                     |                                  |            |            |
| Requirements for paint films<br>(as appropriate)   |                                     |                                  |            |            |
| Variant of version   | Export                              |                                  | Industrial |            |
